Don't you dare look out your window darling

Everything's on fire  
The war outside our door keeps raging on  
Hold onto this lullaby  
Even when the music's gone

Just close your eyes  
The sun is going down  
You'll be alright  
No one can hurt you now  
Come morning light  
You and I'll be safe and sound

Just close your eyes  
You'll be alright  
Come morning light,  
You and I'll be safe and sound...
